

# Electronic Discovery

## *Reaching Beyond Boundaries for Innovation*

Innovative Development, LLC announces ID Discovery® a consulting service tailored specifically for Electronic Discovery (e-Discovery). Our experienced consultants use the Electronic Discovery Reference Model (EDRM) to provide custom expertise following industry standards. Utilizing the model, our teams provide services ranging from the Information Management Phase to the Presentation Phase.

### **Examples of areas where our customers have utilized ID Discovery® include:**

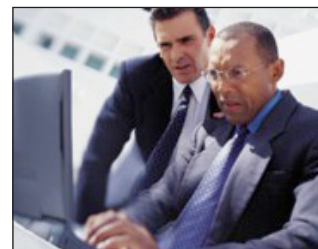

- Assist with Electronic Discovery Process & Policy Definition
- Create Auditable and Defensible Collection Processes
- Development of Data Retention Policies and Processes
- Enable visibility into all Information Assets
- Development of Data Maps for Enterprise Data
- Creation of Custodian maps
- Assist with Content Identification, Collection, and Processing

Our Innovative Development, LLC team understands the challenges of Electronic Discovery. That expertise allows us to deliver unmatched results time and time again for our customers.

### **Examples of customer focused results are:**

- Leadership team has implemented Electronic Discovery Services and Processes at “Fortune 500” companies
- Currently provide full outsource service model for early stage e-Discovery processes at active clients
- Company actively participates in industry leading conferences, forums, and expert discussions providing “hands on” expertise

For more information on the ID Discovery® service offered at Innovative Development, LLC or to schedule a meeting to discuss your e-Discovery needs, please contact us at our Corporate Headquarters.

### **RESULTS MATTER**

The senior management of Innovative Development, LLC has over 25 years experience providing IT consulting services to Fortune 500 companies in many different industries.

Innovative Development has offices in Pennsylvania and New Jersey, but we provide system solutions to customers world-wide.

On-site or off-site, our solutions are provided on-time and on-budget. Fixed price or Time and Materials, we work with our clients to create the best possible working relationship.

At Innovative Development, we know that results matter. Our collaborative working relationships form the basis of our Innovative Solutions to your business system needs.
